Many military sponsored academic awards and undergraduate awards. Most recent academic award was **University of Chicago Department of Sociology 1999 High Honors, in special fields of Urban Sociology, Political Economy, Community Social Organization, Community Policing, and Communities and Crime Intervention, Qualitative and Quantative Research Methods.**
Another noteworthy recent academic was as "**Community Safety**" award given to me by community members of the Chicago Alternative Policing Strategy (CAPS) the contribution that my ongoing research has supposedly made to neighborhood safety in the highest violent crime police district on Chicago's South Side.
Perhaps most interestingly was a January 2000 award that the same organizational members in Chicago gave me for my academic research in what they called "**International Peacekeeping**" because of my involvement with Community Policing efforts in Dominica (mainly Grand Bay 1996-2000), Tokyo, Japan (1995-96) British Columbia, Canada (1995, 1997) and Chicago (1997 to current).
