Dear Mr. Christian,

Re: Letter of Sympathy and Support

Michael and Cecilia Foundation (MCF) with the Michael and Cecilia Ibru University (MCIU) join all well-wishers to sympathize with you, the entire people of the Commonwealth of Dominica and the Caribbean Community on the devastation caused by the two hurricanes Irma and Maria.

We congratulate you on being appointed the president of the association to rebuild the Caribbean after these hurricanes. With you at the helm of this reconstruction association, we are confident the job will be timely and very successful.

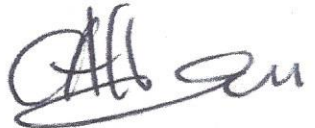

As you know, the Ibru Family has a long standing affiliation to the Commonwealth of Dominica. Many of our staff were Dominican and retired to go back to Dominica to build their "Dream Homes". For days after the hurricanes, our electrician Bernie, could not focus on his work as he was preoccupied with worry for his relatives in Dominica. It is such a tragedy. With our faith in Christ we believe the new Commonwealth of Dominica and the Caribbean Islands will be more beautiful than ever on completion of this reconstruction effort.

MCIU and MCF we are willing to collaborate with you on this your strategic assignment. It is going to be very hard work for you and the board members of the association. We pray God will give you the wherewithal to achieve this monumental task and will promote you beyond imagination for accepting the headship of such a project of restoration. I believe the help which you need will come from all over the world to achieve the set objectives.
